# MANDITA GHOSH

## B.TECH CSE STUDENT

📞 +9547544646  📍 Durgapur City Center2 ,West Bengal  ✉ manditaghosh697@gmail.com

## ABOUT ME

A passionate and self-motivated Computer Science student with a strong foundation in web development, logic building, and problem-solving. I enjoy turning ideas into interactive UI designs and coding smart solutions using C, C++, and Verilog HDL. Currently exploring the world of AI tools and modern web technologies, with a growing interest in building real-life impactful projects.

## EDUCATION

**2024 - 2028**

KIIT  University

B.Tech in Computer Science & Engineering
KIIT University, Bhubaneswar
Admitted in 2023 | Presently in 2nd Year (3rd Semester)
CGPA: 8.78 (after 1st year)
Building a strong foundation in problem-solving, logic design, and real-world tech applications — with hands-on learning in C/C++, Verilog HDL, and frontend technologies.

## EXPERIENCE

**Projects**

To-Do List Web App

Built a simple and responsive task manager using HTML, CSS, and JavaScript to help users add, track, and delete daily tasks.

Project Kisan – AI Farming Assistan

Designed an AI-based support tool for farmers with features like voice help, crop disease diagnosis, market price updates, and access to government schemes.

## SKILLS
